THE  
T W E N T I E T H  
ANNUAL REPORT

OF THE  
FINANCES

OF THE  
TOWN OF DORCHESTER,

FOR THE  
YEAR ENDING JAN. 31, 1858.

---

B O S T O N :  
JOSEPH G. TORREY, PRINTER, 32 CONGRESS STREET.  
1 8 5 8 .

# SELECTMEN'S REPORT.

---

FELLOW CITIZENS :— Another fiscal year having terminated, it becomes our incumbent duty to submit to you the Annual Report, together with the receipts and expenditures, of all the departments for the past year, ending January 31st, 1858.

## POOR.

The number of paupers in the Alms-House on the first day of February, 1857, was seventeen. During the year two have been admitted, one has been discharged, and one has died, leaving seventeen on the first day of February, 1858.

Two hundred and fifteen travelling and transient persons, have been furnished with assistance, by providing them with food and lodging, as occasion required.

The Superintendent and Matron of the Alms-House, are the same as last year, and fully sustain their reputation for keeping a comfortable and orderly house.

We have been under the necessity of extending aid to an unusual number of persons out of the Alms-House, most of whom were individuals who had been reduced by want of employment, and who will be able to support themselves and families, as soon as they can obtain work. Such persons will endure intense suffering, rather than go to the State Alms-House.

There are few places where more is contributed by public and private contributions, than in this town, for the poor and needy, whether belonging to our own Town, or the foreigner who has found the way to our shores.

To deal justly by the Town, while dispensing to the needy, to discriminate between the different grades of destitution, and to guard against unfairness and imposture, are not trivial duties.

We are now paying for the support of only two Insane Paupers, one at Taunton Asylum, and one at the Asylum in Bennington, Vermont.

## ROADS AND BRIDGES.

Our roads and bridges have demanded much of our attention, and required large expenditures. An important item in the expenses of this department, is occasioned by the carting of heavy loads of granite over our roads, from Milton and Quincy, to Boston.

Agreeably to instructions, the entrance of Crescent Avenue has been widened, by paying one hundred and one dollars and forty cents, for land.

Through the liberality of an individual in giving land, the corner of Hancock and Cross streets, has been improved.

The Easterly part of Cottage street, has been widened, at an expense of one hundred and nine dollars and twenty cents for land; the Athenæum Company, and Barnabas Davis, waived all claim for land damages.

Tenean bridge, upon examination was found unsafe for public travel, we have therefore, had it re-planked, and thoroughly repaired, at an expense of one thousand and thirty-eight dollars, and fifty-five cents.

The President of the Dorchester Avenue Railroad Company, represented to us, that said Company were in debt, and not able to complete their road farther than Centre street; as the Avenue between Centre street and the Lower Mills was left in such a state by said Company, as not to be passable with vehicles, we have had said Avenue graded and repaired at an expense of eight hundred and six dollars, and fourteen cents. The hills had been lowered and partly graded by said Company, and when it shall be properly gravelled it will be in a much better condition than it was before the action of said Company. There has been three thousand and one hundred yards of gravel carted from the Alms-

House lot, to widen the travelled part of the Dorchester Avenue, between Savin Hill Avenue and Commercial street, at an expense of nine hundred and eighteen dollars, and ninety-seven cents, including building wall against the bank at the Alms-House lot. The travelled part of said Avenue, north of Cook's Hill to the Boston line, has been widened; the Town paying half the expense, one hundred and twenty dollars, the other half being paid by individual liberality.

That portion of the Brush Hill Turnpike within the territorial limits of the Town, was assigned by the County Commissioners to our care, which we have repaired at considerable expense.

Agreeably to the vote of the Town, we have bargained with Richard Wall, to build and finish a road from the Upper Mills to West Roxbury, as laid out by the County Commissioners, for the sum of forty-five hundred dollars.

In compliance with the instructions of the County Commissioners, we, in connection with the Selectmen of Milton, have caused a bridge to be built across Neponset River, from that part of Milton called "Fairmount," to that part of Dorchester called "Hyde Park." This Town's part of the expense was seven hundred dollars and fifty cents. We have also built a stone abutment on the Dorchester side of said bridge, and a road from said bridge to River street, at a cost of five hundred and eighty-nine dollars and fifty-six cents.

The County Commissioners have widened River street, therefore the Town will be under the necessity of spending money in improving said street the present year.

The expenses of the Town for a few years past, have been very much increased by the laying out of new streets.—While every facility should be afforded for the easy and convenient transaction of business, yet it behooves us to guard even in this respect against extravagance.

A suit was brought against the Town by an individual, for damages alleged to have been sustained by him in lowering the road in front of his land on Adams street, which was settled by reference, and after a view and hearing, it was

decided that he was not entitled to any damages from the Town; still it was a source of anxiety to us, and some expense to the Town.

### POLICE AND WATCH.

During the past year, in addition to the duties performed by the regular Police and Watch, a number of the citizens have been organized and done a large amount of voluntary patrol duty, thereby aiding in preventing robberies, and incendiarisms.

### SALE OF WOOD LAND.

By a vote of the Town at last March Meeting, we were authorized to sell the Wood Land situated near West street. Upon examining the Town's title to the land, it was ascertained that said land was given to the Inhabitants of Dorchester, for the use and benefit of the poor of the Town. Therefore we petitioned the Legislature for authority to sell said Real Estate, which was granted, provided the Town would give their bond to the Judge of Probate, to be executed for them by the Selectmen, conditioned to hold, apply, pay, and distribute the net proceeds of such sale according to law.

Having given the required bond, we sold the land to Henry Grew for eight hundred and forty-two dollars, and six cents.

### CEMETERIES.

The present Cemetery Lots belonging to the Town, being mostly taken up, we would recommend that the Town take measures to purchase a tract of land for that purpose, in a retired part of the Town.

Respectfully submitted,

EBENEZER EATON,	}	<i>Selectmen of Dorchester.</i>
E. H. R. RUGGLES,		
LEWIS F. PIERCE,		

# RECEIPTS AND EXPENDITURES.

---

## SCHOOLS.

In consequence of the School Committees changing the time for paying the Teacher's salaries, they have only been paid for eleven months, up to Dec. 1st, 1857

### HIGH SCHOOL—*Gibson Street.*

Paid William J. Rolfe, for teaching,	\$375 00
Jonathan Kimball, " "	951 92

*Town Clerk*—Eben Tolman.

*Town Treasurer*—Oliver Hall.

*Collector*—William Tolman.

*Representatives*—E. H. R. Ruggles, and Geo M. Browne.

## FIRE DEPARTMENT.

REPORT OF THE CHIEF ENGINEER, TO THE SELECTMEN OF  
DORCHESTER.

GENTLEMEN : I herewith present the Ninth Annual Report of the condition of the Fire Department of this Town, with an account of the fires and alarms, the year ending January 31, 1858; also the amount of loss and insurance as far as has been ascertained, and also the amount of expenditures under the direction of the Board of Engineers for the support of the Fire Department.

The department is organized as follows :

SYLVESTER H. HEBARD, *Chief Engineer*.

ALFRED CLAPP, WILLIAM G. SWAN, GEORGE L. FISHER, EDMUND C. FRUEAN, and CYRUS SAVAGE, *Assistant Engineers*.

There are now seven Companies, in commission, viz :

FOUNTAIN Co. No. 1.—Dean M. Swift, *Foreman* ; John Preston, *Assistant Foreman* ; Thomas F. Temple, *Clerk* ; Lorenzo Gurney, *Steward*.

PROTECTOR Co. No. 2.—Samuel F. White, *Foreman* ; Oliver Glover, 2d, *Ass't Foreman* ; L. H. Collyer, *Clerk* ; Nath'l Bird, *Steward*.

TORRENT Co. No. 3.—Henry Forbes, *Foreman* ; G. M. Blake, *Ass't Foreman* ; N. W. Garland, *Clerk* ; M. H. Warren, *Steward*.

ALERT Co. No. 4.—Isaac Williams, *Foreman* ; George F. Fenno, *Ass't Foreman* ; Benjamin F. Willey, *Clerk* ; Nath'l Withington, *Steward*.

INDEPENDENCE Co. No. 5.—G. A. Spear, *Foreman* ; N. W. Holt, *Ass't Foreman* ; E. W. Harding, *Clerk* ; G. W. Denison, *Steward*.

TIGER Co. No. 6.—John E. Jones, *Foreman* ; J. H. Upham, *Ass't Foreman* ; Daniel W. Baker, *Clerk* ; Theodore Hersey, *Steward*.

MATTAPAN HOOK AND LADDER Co.—Henry Crane, *Foreman* ; Leonard, Everett, Jr., *Ass't Foreman* ; Walter Preston, *Clerk* ; Albert S. Packard, *Steward*.

The department has been called out 36 times the past year, by alarms of fire ; 13 times by fires in this town, 16 times by fires out of this town, and 7 times by false alarms for various causes.

The members of the Fire Department, have since May last, been paid for their services, twenty-five cents per hour,

each, for the time occupied in attending at fires and alarms; with the exception of Engine Co. No. 6, which has been under the management of a volunteer company, who have taken charge of the same without compensation, except the payment of the steward. That company certainly deserves the thanks of the town. It is the opinion of the Chief Engineer, that the payment of a certain sum per year to each member of the Department, is far preferable to the present system of payment.

Owing to the fact, that from the appropriation made by the town for the support of this Department for the present year, it has been necessary to pay for the services of the members for the last past year, as well as for the present year, the expenditures have somewhat exceeded the appropriation.

There has been a considerable amount expended in furnishing apparatus and fixtures for the New Engine, No. 2, and the house for the Company, not provided for in the special appropriation made by the Town for the purchase of the Engine, and building the house.

A Company has been formed the past year, to take charge of, and manage the Hook and Ladder Carriage, with the Apparatus, and will be of great benefit to the department. The several Engines and other Apparatus, with the Engine Houses, are in good condition.

The amount of expenditures under the direction of the Board of Engineers, for Repairs, Hose, Fixtures, &c., has been \$2,282 73. Total expenditures on account of Fire department the past year, have been \$4,371 11.

Annexed is a Table of the Fires and Alarms, from February 1, 1857 to February 1, 1858.

Respectfully, Yours,

SYLVESTER H. HEBARD, Chief Engineer.

## SELECTMEN'S OFFICE,

*Dorchester, February, 1858.*

## To Persons having Claims against the Town:

It is expected that bills presented for the action of the Selectmen, should specify what the article or articles sold were for ; when for labor, where it was performed, number of days, and price per day, unless otherwise agreed upon ; and when for different appropriations, separate bills for each, with proper dates, &c ; when for Schools to be approved by one of the School Committee ; and when for the Fire Department, approved by the Chief Engineer.

The Selectmen will be in session, at their office, on Wednesday of each week, at 2 o'clock, P. M.

And all persons having claims, are requested to call promptly for their pay.

EBENEZER EATON, }  
 E. H. R. RUGGLES, } Selectmen.  
 LEWIS F. PIERCE. }
